Big Check Represents Big Warranty Coverage

Jason Gall received a check for $33,219 from LuAnn Dinslage of Ag 91 Energy, LLC, for Cenex warranty coverage on a John Deere tractor.

We recently helped deliver a big check to one of our customers — and we do mean big. The 3-foot-long check was delivered to Jason Gall of Clarkson, Neb., by LuAnn Dinslage, office manager, Ag 91 Energy, LLC, Clarkson. The oversized check represents the amount of money paid to Gall for a claim submitted under the Cenex® Total Protection Plan® warranty program.

Gall received a check for $33,219 to cover repairs to a John Deere tractor. The Total Protection Plan extends beyond equipment manufacturers' warranties to provide valuable coverage and peace of mind to producers who use premium Cenex fuels and lubricants. It covers new equipment for up to 10 years or 10,000 hours (up to 8 years or 8,000 hours on used equipment), with no deductible.

"The bigger the equipment, the bigger the repair bill," says Gall, who recently received a Cenex warranty check for $33,219. "I don't see how you can afford not to have your equipment on the Cenex warranty; it's kind of an unbelievable warranty

program. We were a little skeptical about whether the warranty would pay for the full repair, but it did."

"If anybody had any doubts about this warranty, a big check like this should prove that the Cenex brand comes through for customers," says Dinslage. "Because of the great warranty and the premium product quality, we have a lot of long-time, satisfied Cenex customers like the Gall family."

"We've been using Cenex products for as long as I've been farming," says Gall. "We run our equipment pretty hard, and Cenex fuels and lubricants have always worked well for us. And the service from Ag 91 Energy is really good."

As the check we recently delivered proves, the Total Protection Plan can be a great way to get big coverage with little hassle. Give us a call today and we'll help you determine the right energy products and warranty protection for all your equipment.
