

# Big Check Represents Big Warranty Coverage

*Brian Vculek (left), a customer of Farmland Co-op in Oakes, N.D., receives a check from Todd Monroe of CHS.*

We recently helped deliver a big check to one of our customers — and we do mean big. The 3-foot-long check was delivered to Brian Vculek of Crete, N.D., by Todd Monroe, CHS lubricants district sales manager. The oversized check represents the amount of money paid to Vculek for claims he submitted under the Cenex® Total Protection Plan® warranty program.

The Total Protection Plan extends beyond equipment manufacturers' warranties to provide valuable coverage and peace of mind to producers who use premium Cenex lubricants and fuels. Unlike other warranties, the plan has no deductible and no burden of proof, meaning it does not require you to prove that your engine problems were caused by an oil or fuel defect.

"The warranty program paid as agreed with no problems," says Vculek, who received a payment of more than \$18,700 for repairs made to a John Deere tractor.

"I've been using Cenex fuels and lubricants for years. Every time I buy a tractor, I put it on the Total Protection Plan warranty. It's good coverage for a reasonable price, and it gives you peace of mind."

The Total Protection Plan provides coverage for up to 10 years or 10,000 hours on new equipment and 8 years or 8,000 hours on existing equipment. It's a great way to protect your investment in your agricultural equipment. And, as the check recently delivered to Vculek proves, it can be a great way to get "big" coverage with "little" hassle. Give us a call today and we'll help you determine the right energy products and warranty protection for all your equipment.
