Section 1. Identification

CHS Inc.  
P.O. Box 64089  
Mail station 525  
St. Paul, MN 55164-0089  
Transportation Emergency (CHEMTREC) : 1-800-424-9300  
Technical Information : 1-651-355-8443  
SDS Information : 1-651-355-8445  
Product name : Food Machinery Grease  
Common name : Grease, Multipurpose  
Chemical name : Soap-Thickened Oil Lubricant  
Chemical family : Hydrocarbon.  
SDS no. : 0155-L07A00  
Revision date : 01/15/2014  
Chemical formula : Mixture  

Not available.

Section 2. Hazards identification

OSHA/HCS status : While this material is not considered hazardous by the OSHA Hazard Communication Standard (29 CFR 1910. 1200), this SDS contains valuable information critical to the safe handling and proper use of the product. This SDS should be retained and available for employees and other users of this product.

Classification of the substance or mixture : Not classified.  
Percentage of the mixture consisting of ingredient(s) of unknown toxicity: 50% 
Percentage of the mixture consisting of ingredient(s) of unknown hazards to the aquatic environment: 50%

GHS label elements

Signal word : No signal word.
Hazard statements : No known significant effects or critical hazards.
Precautionary statements

General : Read label before use. Keep out of reach of children. If medical advice is needed, have product container or label at hand.

Hazardous Material Information System (U.S.A.)  
Health : 0  
Flammability : 1  
Physical hazards : 0

National Fire Protection Association (U.S.A.)  
Health : 0  
Flammability : 1  
Instability : 0

Section 3. Composition/information on ingredients

Substance/mixture : Mixture  
Chemical name : Soap-Thickened Oil Lubricant  
Other means of identification : Grease, Multipurpose

Any concentration shown as a range is to protect confidentiality or is due to batch variation.

There are no ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to health or the environment and hence require reporting in this section.

Occupational exposure limits, if available, are listed in Section 8.

Section 4. First aid measures

Eye contact : If material comes in contact with the eyes, immediately wash the eyes with large amounts of water for 15 minutes, occasionally lifting the lower and upper lids. Get medical attention.

Inhalation : If person breathes in large amounts of material, move the exposed person to fresh air at once. If breathing has stopped, perform artificial respiration. Keep the person warm and at rest. Get medical attention as soon as possible.

Skin contact : If the material comes in contact with the skin, wash the contaminated skin with soap and water promptly. If the material penetrates through clothing, remove the clothing and wash the skin with soap and water promptly. If irritation persists after washing, get medical attention immediately.

Ingestion : If material has been swallowed, do not induce vomiting. Get medical attention immediately.

Most important symptoms/effects, acute and delayed

Potential acute health effects
Food Machinery Grease

**Eye contact**: No known significant effects or critical hazards.

**Inhalation**: No known significant effects or critical hazards.

**Skin contact**: No known significant effects or critical hazards.

**Ingestion**: No known significant effects or critical hazards.

**Over-exposure signs/symptoms**

<table>
<thead>
<tr>
<th>Eye contact</th>
<th>Inhalation</th>
<th>Skin contact</th>
<th>Ingestion</th>
</tr>
</thead>
<tbody>
<tr>
<td>Adverse symptoms may include the following: pain or irritation, watering, redness.</td>
<td>Adverse symptoms may include the following: respiratory tract irritation, coughing.</td>
<td>Adverse symptoms may include the following: irritation, redness.</td>
<td>No known significant effects or critical hazards.</td>
</tr>
</tbody>
</table>

**Notes to physician**: Treat symptomatically. Contact poison treatment specialist immediately if large quantities have been ingested or inhaled.

**Specific treatments**: No specific treatment.

**Indication of immediate medical attention and special treatment needed, if necessary**

**See toxicological information (Section 11)**

---

**Section 5. Fire-fighting measures**

**Extinguishing media**

- **Suitable extinguishing media**: Use water spray to cool fire exposed surfaces and to protect personnel. Foam, dry chemical or water spray (fog) to extinguish fire.
- **Unsuitable extinguishing media**: None known.
- **Specific hazards arising from the chemical**: Toxic fumes gases or vapors may evolve on burning.
- **Hazardous thermal decomposition products**: No specific data.
- **Special protective actions for fire-fighters**: When fighting fires wear full turnout gear and self contained breathing apparatus. Water may cause splattering. Material floats on water.
- **Special protective equipment for fire-fighters**: Not applicable.

---

**Section 6. Accidental release measures**

**Personal precautions, protective equipment and emergency procedures**

For non-emergency personnel: Keep unnecessary and unprotected personnel from entering. Avoid breathing vapor or mist. Provide adequate ventilation. Wear appropriate respirator when ventilation is inadequate. Put on appropriate personal protective equipment.

**Methods and materials for containment and cleaning up**

- **Spill**: Contain with dikes or absorbent to prevent migration to sewers/streams. Take up small spill with dry chemical absorbent; large spills may require pump or vacuum prior to absorbent. May require excavation of severely contaminated soil.

---

**Section 7. Handling and storage**

**Precautions for safe handling**

- **Protective measures**: Put on appropriate personal protective equipment (see Section 8). Do not get in eyes or on skin or clothing. Do not ingest.
- **Advice on general occupational hygiene**: Eating, drinking and smoking should be prohibited in areas where this material is handled, stored and processed. Workers should wash hands and face before eating, drinking and smoking.
- **Conditions for safe storage, including any incompatibilities**: Store in closed container away from all ignition sources. Handling temperatures should not exceed 175°F (80°C). Wash thoroughly after handling. Odorous and toxic fumes may form from the decomposition of this product if stored at excessive temperatures for extended periods of time. Store in accordance with local regulations. Store in a dry, cool and well-ventilated area, away from incompatible materials (see Section 10). Use appropriate containment to avoid environmental contamination.

---

**Section 8. Exposure controls/personal protection**

**Control parameters**

- **Occupational exposure limits**: None.
- **Appropriate engineering controls**: Use only with adequate ventilation.
- **Environmental exposure controls**: Emissions from ventilation or work process equipment should be checked to ensure they comply with the requirements of environmental protection legislation.

### Section 10. Stability and reactivity

- **Reactivity**: No specific test data related to reactivity available for this product or its ingredients.
- **Chemical stability**: The product is stable.
- **Possibility of hazardous reactions**: Under normal conditions of storage and use, hazardous reactions will not occur.
- **Conditions to avoid**: See handling and storage section.
- **Incompatible materials**: Reactive or incompatible with the following materials: oxidizing materials and acids.
- **Hazardous decomposition products**: Under normal conditions of storage and use, hazardous decomposition products should not be produced.

### Section 11. Toxicological information

#### Information on toxicological effects

- **Acute toxicity**: There is no data available.
- **Irritation/Corrosion**
  - **Skin**: There is no data available.
  - **Eyes**: There is no data available.
  - **Respiratory**: There is no data available.
- **Sensitization**
  - **Skin**: There is no data available.
  - **Respiratory**: There is no data available.
- **Mutagenicity**: There is no data available.
- **Carcinogenicity**: There is no data available.
- **Reproductive toxicity**: There is no data available.
Teratogenicity
There is no data available.

Specific target organ toxicity (single exposure)
There is no data available.

Specific target organ toxicity (repeated exposure)
There is no data available.

Aspiration hazard
There is no data available.

Information on the likely routes of exposure
Dermal contact. Eye contact. Inhalation. Ingestion.

Section 12. Ecological information

Toxicity
There is no data available.

Persistence and degradability
There is no data available.

Bioaccumulative potential
There is no data available.

Mobility in soil
There is no data available.

Section 13. Disposal considerations

Disposal methods
Disposal of this product, solutions and any by-products should comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements.

Section 14. Transport information

DOT IDENTIFICATION NUMBER Not applicable. DOT proper shipping name Not applicable.
DOT Hazard Class(es) Not applicable. PG Not applicable. DOT EMER. RESPONSE GUIDE NO. Not applicable

Section 15. Regulatory information

U.S. Federal regulations TSCA 8(a) CDR Exempt/Partial exemption: Not determined
United States inventory (TSCA 8b): Not determined.

Clean Air Act Section 602 Class I Substances Not listed DEA List I Chemicals (Precursor Chemicals): Not listed
Clean Air Act Section 602 Class II Substances Not listed DEA List II Chemicals (Essential Chemicals): Not listed
Clean Air Act Section 112(b) Hazardous Air Pollutants (HAPs) Not listed

SARA 302/304
Composition/information on ingredients
No products were found.

SARA 304 RQ Not applicable.

SARA 311/312
Classification Not applicable.

Composition/information on ingredients
No products were found.

SARA 313 This product (does/not) contain toxic chemicals subject to the reporting requirements of SARA Section 313 of the Emergency Planning and Community Right-To-Know Act of 1986 and of 40 CFR 372.
