

Big check represents big coverage

Steve Bittfield (center) and Zeth Bittfield (left) received a check for \$11,048 from Jamy Schultz, oil and fuel salesman for CPI/Mid-Nebraska Lubricants in Juniata, Neb., for Cenex Total Protection Plan® coverage on a Case IH tractor.

We recently helped deliver a big check to one of our customers – and we do mean big. The 3-foot-long check was delivered to Steve and Zeth Bittfield of Kenesaw, Neb., by Jamy Schultz, oil and fuel salesman for CPI/Mid-Nebraska Lubricants in Juniata, for Cenex Total Protection Plan® coverage on a Case IH tractor. The oversized check represents the amount of money paid for a claim submitted under the Cenex Total Protection Plan® program.

The Bittfields received a check for \$11,048 to cover repairs to a tractor covered under the Cenex Total Protection Plan®, which extends beyond manufacturers' warranties to provide valuable coverage to farmers who use premium Cenex® fuels and lubricants. It covers new equipment for up to 10 years or 10,000 hours and used equipment for up to 8 years or 8,000 hours and, with no deductible.

“The manufacturer’s warranty on new equipment doesn’t last long, but the Cenex Total Protection Plan® lasts for 10 years,” says Bittfield, who currently has two tractors enrolled in the program. “The Cenex Total Protection Plan® is an excellent backup warranty program for both new and used equipment.”

“I’ve used Cenex® products for more than 10 years without any problems,” says Bittfield. “I get good service from CPI/Mid-Nebraska Lubricants – they’re always there when I need them.”

“Unless you’re a big risk-taker, why not protect that \$250,000 piece of equipment with a plan that extends beyond the manufacturer’s warranty and covers a lot of expensive repairs,” says Schultz. “These are extremely high quality products that have been tested and proven time and time again, so you know you can count on them to do the job.”

As the check we recently delivered proves, the Cenex Total Protection Plan® can be a great way to get big coverage with little hassle. Give us a call today and we’ll help you determine the right energy products and protection for all your equipment.
