

Big check represents big warranty coverage

Steve Laleman (right) received a check for \$23,306 from Adam Steffes, certified energy specialist for FCA of Canby, Minn., for Cenex® warranty coverage on a Case IH tractor.

We recently helped deliver a big check to one of our customers – and we do mean big. The 3-foot-long check was delivered to Steve Laleman of Minneota, Minn., by Adam Steffes, certified energy specialist with Farmers Cooperative Association, Canby, Minn. The oversized check represents the amount of money paid for a claim submitted under the Cenex Total Protection Plan® warranty program.

Laleman received a check for \$23,306 to cover repairs to a Case IH tractor covered under the Cenex® warranty, which extends beyond equipment manufacturers' warranties to provide valuable coverage to producers who use premium Cenex® fuels and lubricants. It covers new equipment for up to 10 years or 10,000 hours and used equipment for up to 8 years or 8,000 hours, with no deductible.

“When you’re looking at a \$23,000 tractor repair bill, you think about trading it in rather than repairing it. I’m really glad I had the Cenex® warranty - it’s a lot better than any manufacturer’s warranty,” says Laleman, who also has two other tractors and a combine enrolled in the Cenex Total Protection Plan.

“I’ve used Cenex® oils for about 10 years because of the great warranty program, the convenience of bulk delivery from the co-op, and the dependable performance,” says Laleman. “I highly recommend Cenex® premium diesel fuel, too. You get the power, and it’s cleaner burning.”

“You won’t find any other warranty that’s even remotely close to the Cenex Total Protection Plan,” says Steffes. “You should seriously consider enrolling your farm equipment. There are lots of farmers that are thankful they had the Cenex® warranty to cover their huge repair bills. And remember, the repairs don’t have to be fuel- or oil-related to be covered - you just have to be using Cenex® products and following through on your oil sampling.”

As the check we recently delivered proves, the Cenex Total Protection Plan can be a great way to get big coverage with little hassle. Give us a call today and we’ll help you determine the right energy products and warranty protection for all your equipment.
