

BIG CHECK. BIG COVERAGE. BIG RELIEF. POWERED LOCALLY.

Brian Jaeger (third from left) was presented with a check for \$26,584 by (from left) Fred Urch, Lanny Johnson and Todd Schneider of Central Farm Service in Owatonna and Truman, Minn., for Cenex Total Protection Plan® coverage on a John Deere tractor.

We recently helped deliver a big check to one of our customers – and we do mean big. The 3-foot-long check was delivered to Brian Jaeger of Mapleton, Minn., by Fred Urch, energy sales and marketing manager, and Lanny Johnson and Todd Schneider, energy sales, for Central Farm Service (CFS) in Owatonna and Truman, Minn. The oversized check represents the amount of money paid for a claim submitted under the Cenex Total Protection Plan® program.

Jaeger received a check for \$26,584 to cover repairs to a used John Deere tractor covered under the Cenex Total Protection Plan.

“This program is great for peace-of-mind. I enrolled my used tractor, submitted the oil samples as required, made one call, and the claim was covered,” says Jaeger. “The products work well, and I can’t say enough good things about the CFS team and the convenience of having automated fuel delivery.”

Jaeger also has a used combine enrolled in the warranty program. “I’d definitely recommend the Cenex Total Protection Plan. It’s one less thing to worry about,” says

Jaeger. “I’ll never use another oil. The Cenex protection is just too good.”

“This outstanding program really minimizes risks. Not only has it helped multiple farmers across our trade territory cover large repair costs, but it also keeps our customers’ operations running more efficiently. Cenex oils are top end products that use the best base stock, and they have been proven to keep farmers up and running in the field,” says Urch.

“Cenex® fuels have the best additive package you can find on the market,” says Urch. “Just last week, we converted someone who had been experiencing problems with fuel filter plugging to Cenex Ruby Fieldmaster® premium diesel fuel, and the problem was quickly resolved.”

As the check we recently delivered proves, the Cenex Total Protection Plan can be a great way to get big coverage with little hassle. Give your certified Cenex distributor a call today and they’ll help you determine the right energy products and protection for all your equipment. You can also visit cenex.com for more information or to enroll.
