

# BIG CHECK. BIG COVERAGE. BIG RELIEF. POWERED LOCALLY.®

Mark Green (right) of Green Ranch was presented with a \$29,288.11 check for coverage on his Case-IH 450 tractor enrolled in the Cenex Total Protection Plan® by Larry Vincent, Certified Energy Specialist at CHS Primeland in Lewiston, Idaho.

Last spring while cultivating his Green Ranch fields in Grangeville, Idaho, Mark Green's Case-IH 450 Quadtrac suddenly ran out of antifreeze and the engine overheated. When he took the tractor into the dealership, they found that the tractor had lost a seal in the oil cooler and leaked the antifreeze into the engine.

The results were not good. With only 4,500 hours on the 2011 tractor, the engine was shot and needed to be completely rebuilt with a new head and new pistons among other parts. On the upside, when Green bought the Case-IH, he enrolled it in the Cenex Total Protection Plan® which extends manufacturers' warranties by providing coverage for up to 10 years or 10,000 hours on new equipment, and up to 8 years or 8,000 hours on used equipment.

That meant all Green had to do was send Larry Vincent, his agent at CHS Primeland out of Lewiston, the tractor's invoice from the dealership and Vincent took it from there. "It was fairly easy," said Green. "I really didn't have to do too much." And within a few weeks the Cenex Total Protection Plan® cut Green a check for \$29,288.11.

"It's basically no cost on a new tractor," Green said about the protection plan. "I don't see that there's any downside, and it came in handy when I had a problem."

*"I don't see that there's any downside, and it came in handy when I had a problem."*

— MARK GREEN, GREEN RANCH,  
GRANGEVILLE, IDAHO

## WHAT IS THE CENEX TOTAL PROTECTION PLAN®?

The Cenex Total Protection Plan® extends beyond manufacturers' warranties and provides coverage to farmers who use premium Cenex® fuels and lubricants. It covers new equipment for up to 10 years or 10,000 hours and used equipment for up to 8 years or 8,000 hours, with no deductible.

Give your certified Cenex® distributor a call today to help determine the right energy products and protection for all your equipment. You can also visit [cenex.com](http://cenex.com) for more information or to enroll.
