

BIG CHECK. BIG COVERAGE. BIG RELIEF. POWERED LOCALLY.®

Michael Quandt (right) of Quandt Brothers received a check for \$22,667.50 from Heather Fiala, Energy Sales at Agtegra Cooperative for Cenex Total Protection Plan® coverage on their Case-IH 600 Quadtrac.

Farming 16,000 acres of corn and soy beans keeps the five brothers and three nephews of Quandt Brothers farm pretty busy, especially during planting in the spring. Unfortunately, that's right when their Case-IH 600 Quadtrac decided to give them problems. The rear planetary on one side gave out, and one of the tracks locked up right in the middle of a field.

The brothers managed to get the tractor to the edge of the field where they got it loaded on a semi and driven to the shop. At the shop the mechanics took the tracks off, pulled the rear end out, and rebuilt it.

Fortunately, Quandt Brothers have kept all their qualified equipment enrolled in the Cenex Total Protection Plan® pretty much since the program started. They do it because the plan extends manufacturers' warranties and provides coverage for up to 10 years or 10,000 hours on new equipment, and up to 8 years or 8,000 hours on used equipment.

By using the plan's LubeScan® Used Oil Analysis kits for regular analysis of oil samples, the family farm has caught other small problems before they became big problems. "It's useful to see problems before it gets too bad," said Jim Quandt, one of the five brothers. "The oil analysis is a good way to keep an eye on everything."

With the hassle-free claims process and the help of Agtegra Cooperative, the Quandt Brothers can spend time farming instead of worrying about processing paperwork. "It's definitely a program that's helped us out a lot," Jim said. "We're very pleased with it."

"IT'S DEFINITELY A PROGRAM THAT'S HELPED US OUT A LOT."

– JIM QUANDT, QUANDT BROTHERS, OAKES, N.D.

WHAT IS THE CENEX TOTAL PROTECTION PLAN®?

The Cenex Total Protection Plan® extends beyond manufacturers' warranties and provides coverage to farmers who use premium Cenex® fuels and lubricants. It covers new equipment for up to 10 years or 10,000 hours and used equipment for up to 8 years or 8,000 hours, with no deductible.

Give your certified Cenex® distributor a call today and they'll help you determine the right energy products and protection for all your equipment. You can also visit cenex.com for more information or to enroll.
