

BIG CHECK. BIG COVERAGE. BIG RELIEF. POWERED LOCALLY.®

Richard Dirks (center) received a check for \$34,451.69 from Jed Miller (left), CHS Lubricants District Manager and Bob Blair (right), Energy Sales at the Scott Coop Association in Scott City, Kansas, for Cenex Total Protection Plan® coverage on his John Deere 9630 tractor.

Last June, Richard Dirks' hired man was out moving dirt in his 2010 John Deere 9630 Scraper Special near Scott City, Kansas, when the transmission started acting up and wouldn't shift right. They tried to get it recalibrated but couldn't.

They took the tractor, which had about 7,700 hours on it, into the dealer and ran diagnostics on it, which indicated real trouble. It turns out the transmission needed a complete overhaul including clutch packs and gears. And it was going to cost about \$40,000, which is a bill no one wants to get stuck with.

Dirks wasn't worried though because he's been enrolling his equipment in the Cenex Total Protection Plan® for years in case of situations like this.

The Cenex Total Protection Plan® extends manufacturers' warranties by providing coverage for up to 10 years or 10,000 hours on new equipment, and up to 8 years or 8,000 hours on used equipment. "For what we're doing, the Cenex Total Protection Plan® warranty is basically a no-brainer," Dirks said.

When the tractor went down, he simply turned the claim over to Bob Blair at Scott Coop Association, his local cooperative, who took it from there. "The claim process was very basic, simple, and straightforward," Dirks said. In a few weeks he received a check for \$34,451.69 to cover the majority of the repairs. "Cenex® really helped me out. It's been a good experience all the way around."

"CENEX® REALLY HELPED ME OUT. IT'S BEEN A GOOD EXPERIENCE ALL THE WAY AROUND."

***– RICHARD DIRKS,
SCOTT CITY, KANSAS***

WHAT IS THE CENEX TOTAL PROTECTION PLAN®?

The Cenex Total Protection Plan® extends beyond manufacturers' warranties and provides coverage to farmers who use premium Cenex® fuels and lubricants. It covers new equipment for up to 10 years or 10,000 hours and used equipment for up to 8 years or 8,000 hours, with no deductible.

Give your certified Cenex® distributor a call today and they'll help you determine the right energy products and protection for all your equipment. You can also visit cenex.com for more information or to enroll.
