

BIG CHECK. BIG COVERAGE. BIG RELIEF. POWERED LOCALLY.®

Tyler Hands (center) received a check for \$15,275.21 from Lakin Dreiling (right), Energy Manager of The Garden City Co-op in Garden City, Kansas, and Jed Miller, CHS Lubricants District Manager, for Cenex Total Protection Plan® coverage on a John Deere 9770 STS.

The Hands family has been farming the same land in Finney County for the past 100 years. In that time, the operation has grown into the Triangle H, which produces corn, grain sorghum, soybeans, and wheat and operates robust cattle programs. And if five generations of farming have taught them anything, it's to take care of the small problems before they become massive headaches.

That's why Tyler Hands, a 5th-generation partner in the operation, didn't hesitate to take in his nine-year-old John Deere 9770 STS when an oil analysis indicated high levels of copper even though the combine seemed to be running fine. Fortunately, the Hands regularly have their equipment's oil analyzed using the LubeScan® Used Oil Analysis Kits as part of the Cenex Total Protection Plan®, a program which extends manufacturers' warranties by providing coverage for up to 10 years or 10,000 hours on new equipment, and up to 8 years or 8,000 hours on used equipment.

"It's another form of security that helps to keep your equipment running," Hands said.

Without the oil analysis, Hands wouldn't have known anything was wrong with the combine, and things could have gotten a lot worse.

Because the combine was protected with the Cenex Total Protection Plan®, Hands received a check for \$15,275.21 for covered parts.

And because of the hassle-free claims process and help from The Garden City Co-op, Hands could keep focused on his farm instead of being drowned in paperwork. "The claims process was about as streamlined as it could be," Hands said.

"IT'S ANOTHER FORM OF SECURITY THAT HELPS TO KEEP YOUR EQUIPMENT RUNNING."

— TYLER HANDS, TRIANGLE H GRAIN & CATTLE CO, GARDEN CITY, KANSAS

WHAT IS THE CENEX TOTAL PROTECTION PLAN®?

The Cenex Total Protection Plan® extends beyond manufacturers' warranties and provides coverage to farmers who use premium Cenex® fuels and lubricants. It covers new equipment for up to 10 years or 10,000 hours and used equipment for up to 8 years or 8,000 hours, with no deductible.

Give your certified Cenex® distributor a call today and they'll help you determine the right energy products and protection for all your equipment. You can also visit cenex.com for more information or to enroll.
