

Big check represents big coverage

Terry Meyer (left), Larry Meyer (second from right) and Jeff Meyer (far right) received a check for \$12,396 from Tom Dommer, certified energy specialist for ProVision Partners Cooperative, Marshfield, Wis., for Cenex Total Protection Plan® coverage on a New Holland tractor.

We recently helped deliver a big check to one of our customers – and we do mean big. The 3-foot-long check was delivered to Terry, Larry and Jeff Meyer of Badger Holsteins in Unity, Wis., by Tom Dommer, certified energy specialist for ProVision Partners Cooperative, Marshfield, Wis., for Cenex Total Protection Plan® coverage on a New Holland tractor. The oversized check represents the amount of money paid for a claim submitted under the Cenex Total Protection Plan® program.

The Meyers received a check for \$12,396 to cover repairs to a used New Holland tractor covered under the Cenex Total Protection Plan®, which extends beyond manufacturers' warranties to provide valuable coverage to farmers who use premium Cenex fuels and lubricants. It covers used equipment for up to 8 years or 8,000 hours and new equipment for up to 10 years or 10,000 hours, with no deductible.

"I'd recommend the Cenex Total Protection Plan® – we've now got four pieces of equipment protected by the plan," says Terry Meyer.

“We’ve used Cenex® premium diesel fuel and lubricants for quite a few years. We’re happy with the products and the good service we get from ProVision Partners. We’ve got a lot of hours on some of our equipment, and we’re not seeing fuel injector issues or other problems,” says Meyer.

“With the Cenex Total Protection Plan®, you’re getting very affordable coverage for today’s expensive equipment, from a company that stands behind its products,” says Dommer. “Cenex® Ruby Fieldmaster® premium diesel fuel has the proper additives to address the challenges of today’s Tier 4 engines; typically #2 diesel fuel can literally ‘cook’ under high temperatures and pressures. Cenex lubricants’ additive package is robust to meet manufacturers’ specifications, aligned with their approvals.”

As the check we recently delivered proves, the Cenex Total Protection Plan® can be a great way to get big coverage with little hassle. Give us a call today and we’ll help you determine the right energy products and protection for all your equipment.
